Show Report

Forge Action Day at Combe started off as a bit of a damp one, this lead to a few exciting moments of track action with lots of non intentional drifting and a few cars mowing the inner grass of the circuit. Our club stand however was well attended with the usual array of varying RS marque's. There were not alot of traders at this show, a few of the regulars including Boost Junkies tho made the effort. This show is a real retro mixed show with some interesting old Mercs, Mk1 Golf's and some RWD classics like Corrolla's. What was interesting was the amount of Mk1 and Mk2 Escorts non RS that were being shown on various club stands many were local cars!

In the afternoon the track dried up and the action got a bit quicker.

Hopefully those who attended had a good day. It's definatly a regular yearly one not to miss!
